Upcoming

Next class:

- **Jason Wei** (OpenAI) on Zoom

Project updates:
- Expect to sign up for office hours to meet with us about your project
- Match your *existing* skills with your planned project
  - Guideline: if Doug's workshop was easy for you, a project involving coding should be fine
  - Otherwise, plan a project that does not involve coding but could include
    - Survey experiment
    - Human subjects experiment
    - Interview data

Homework for next week: start early!
- Questions for Jason Wei

- Prompting exercise

- Due Tuesday night, but starting the week after, will be due on Monday nights
